Commissioner Cynthia Donovan
Commissioner Robert Fiorito
Commissioner Maryellen Holden
Superintendent Brian Wilson
Mayor Ellen Zoppo-Sassu, Chairperson
Commissioner Paula O'Keefe
Commissioner Robert Kalat
Jess Caetano, Recreation Coordinator
Jaimie Clout, Aquatic Supervisor
Robert Lincoln, Park Supervisor
Sarah Larson, Recreation Coordinator

Absent: Council Liaison, Joshua Medeiros

1) Call to order

Chairwoman Zoppo-Sassu called the meeting at 6:00p.m.

2) Acceptance of minutes from December 19, 2018:

MOTION: Made by Commissioner Fiorito to approve the December 19, 2018 minutes as ammended
Seconded by: Commissioner Donovan
All in favor; Motion carried.

3) Public Participation:

Colonel Gregory Miller approached the Board explaining his objections to the mountain bike path for safety concerns for the elderly and people with dogs. The path is too close to the walking path.

Tom and Kathy Moody agrees with Colonel Gregory Miller.

MOTION: Made by Commissioner Fiorito to move item 6B to the top of the agenda.
Seconded by: Commissioner Donovan
All in favor; Motion carried

Mr. Brian Archibald approached the Commissioners. A buffer of approximately 15' will be established in order to avoid the walking path. Colonel Miller would like the path moved to the north side of the park and is proposing to park at Muzzy Field. Mr. Lincoln will maintain care of the walking path.

Mr. James Burke, a resident of Sherman Street approached the Commissioners is concerned about the proximity of the path to his backyard and about loosing the privacy. It's 20' off his property. Mr. Nicolas Parent of Mills Street is also concerned about the noise and privacy.

Mr. Archibald stated that there was a Special Meeting held with the Park Commissioners to inspect the one mile course. He is working with the Park Department and The Boys & Girls Clubs in order to establish programs. The concerns were erosion, cleanliness and neighbors buffer zones.

Commissioner Fiorito stated that people are not really against the proposal as mountain biking is now bringing the community together and believes it to be a positive concept.

Mr. Lance Archibald spoke to the Commissioners stating that he enjoys getting outside and using the courses at Session Woods and would like to ride locally.

There will be minimal interference with the walking path. It would be used when the bikers cross the path.

Mr. Archibald would like to see a temporary skill path area.

Mayor wants to keep this on the agenda and moved to Budget & finance and building and maintenance

MOTION made by Commissioner Fiorito to conceptually approve the concept of a mountain bike path in Rockwell Park subject to pending approvals and subject to further discussions with the appropriate departments such as wetland, engineering, police department and staff's approval.

Seconded by Commissioner Holden.

All in favor, motion passed.

Ray Rogozinski can support the Park Department and schedule the necessary survey. Committees will continue to meet. Boundries will need to be defined. Neighbors on Sherman, Mills, Putnam, Steele and Jacob will also be notified. Brian Wilson stated that Park staff is working on GIS plotting the proposed trail.

MOTION: Made by Commissioner Fiorito to move item 6A to the current agenda item.

Seconded by: Commissioner Donovan.

All in favor; Motion carried.

A. Review of the Farmington River Watershed Association Rain Garden At Page Park and take any action as necessary.

Aimee Petras of the FRWA approached the Board regarding the rain garden at Page Park. A site review was held with the Commissioners. The FRWA is moving forward with ordering the plants. Discussion transpired as how the project will be facilitated between Parks, FRWA and Public Works.

Motion made by Commissioner Fiorito for final approval of the rain garden in Page Park.

Seconded by Commissioner Bogdanski

All in favor, Motion carried.

Motion made by Commissioner Fiorito to move agenda item 7A to the current location.

Seconded by Commissioner Donovan

All in favor, Motion carried.

Raymond Rogozinski, City Engineer and Nancy Levesque, Assistant Engineer, presented five (5) potential layouts relating to Muzzy Field and expanding parking. First concept is proposing 59 parking spaces. The 2nd is maxing out the lot to be 64 parking spaces while the 3rd layout requires more landscaping and has only 47 parking spaces. The 4th layout is proposing two (2) parking lots versus one. The 5th plan is an experiment angle parking.

MOTION: Made by Commissioner Fiorito to move this item to the Building and Maintenance Committee.

Seconded by: Commissionerr Kalat

All in favor, Motion carried.

MOTION: Made by Commissioner Fiorito to move agenda item 7B to the current location.
Seconded by: Commissionerr Kalat
All in favor, Motion carried.

Ms. Levesque addressed the Commissioners regarding the parking at Peck Park. She provided two(2) proposals for additional parking. Forestville Little League provided a proposed layout. Mr. Rogozinki took their layout and refined it. The large tree in the back would need to be removed. A lot of this in question is on the Board of

MOTION: Made by Commissioner Fiorito to move the conceptual Peck Park parking plan submitted by Engineering to Building and Maintenance Committee.
Seconded by: Commissionerr Donovan.
All in favor, Motion carried.

FIELD USE ALLOCATION PROCESS

Facility Use Request Application Process: Prior to using City parks, facilities and fields a Facility Use Request Form must be submitted and approved by the Superintendent of Parks and Recreation. The purpose of this document is to establish a system for the equitable and orderly distribution of the City of Bristol athletic facilities. The facilities/fields located within the City of Bristol Parks and Recreation system are utilized for multiple sports from season to season and are maintained by the Parks' Grounds Crew. Once the Facility Use Request Form and accompanying documentation have been submitted, the Superintendent of Parks and Recreation or designee will review the application and be in touch with the organization representative regarding status as soon as possible.

Allocation of Field Time and Fee Schedule: *Field time will be allocated in order of priority*

Priority 1: Bristol Parks and Recreation and Bristol Board of Education programs/events

Priority 2: Bristol based non-profits, 501c (3) organizations and local athletic or sports-affiliated groups

Priority 3: Non-Bristol organizations/non-resident groups and For-profit

Definitions: *Priority groups are defined as follows*

Priority 1: Any program or event sponsored by the City of Bristol Parks and Recreation and Board of Education

Priority 2: Local non-profit/athletic groups consisting of participants comprised of at least 80% Bristol residents (based on comparable season's actual registrations not the projected percentage).

Priority 3: For-profit and other organizations comprised of 79% or fewer Bristol residents.

FEE SCHEDULE

There are costs to the City of Bristol for maintaining fields. These fees include maintenance, insurance and administrative oversight. In order to offset some of these costs, a fee schedule has been adopted by the Board of Park Commissioners.

Fee Determination: Priority 1 & 2 groups will not be assessed general usage fees. Priority 3 groups as defined above will be subject to the following fee schedule.

1 field.....	\$25.00/per practice (2 hours)
1 field.....	\$100.00/per game (4 hours)

**Additional charges may be assessed at the discretion of the Superintendent of Parks and Recreation (i.e. lights/electricity, bathrooms, maintainers, police, etc.)*

FIELD USE POLICIES

Field Use Rules & Regulations: The following is a list of rules and regulations for use on city fields. The list is not meant to be all-inclusive and additional rules may be enforced if the Bristol Parks & Recreation Department and Board of Park Commissioners deem the behavior is in violation of safety of users or health and well-being of the property.

- 1) Any acts that put participants in danger or potential danger (i.e. driving/parking vehicles on the fields).
- 2) Any abuse or damage of city property (i.e. tearing up the field, littering, purposeful breaking of equipment).
- 3) Use of fields without a permit or during a time when the Parks and Recreation Department has closed a field due to weather or maintenance.

111 North Main Street Bristol, CT 06010 860-584-6160

- 4) Field permits are exclusively for the organization listed on the permit. Subletting field time or usage to other organizations is not permitted for any reasons.
- 5) Use of illegal drugs, alcohol, smoking and loud, vulgar, confrontational language are not permitted on city fields and recreational spaces or its immediate vicinity.
- 6) Any illegal acts in the parks, playgrounds, open space areas and flood plains.
- 7) User groups are not permitted to engage in any form of field maintenance (i.e. raking, sweeping, applying drying agents, etc.).
- 8) Any and all maintenance of City of Bristol athletic fields will be performed by city staff. Groups/organizations/teams having specific requests for maintenance will include them on the Facility Use Request Form or to the Superintendent of Parks and Recreation. City staff will make its best attempt to complete such request with consideration to time, staffing and weather conditions. The city reserves the right to support or deny the request.
- 9) All Youth Athletic organizations must comply with state standards and state statutes for concussion education and awareness.
- 10) City of Bristol is not responsible for any items left or stored on facility grounds by Applicant.
- 11) All municipal ordinances, regulations and policies must be complied with.
- 12) *Special Note:* All groups using Wilson Field are required to park only on the side of Fifth Street and Sixth Street that is nearest to the field. Please inform the players, parents and opponents.

Weather Closure/Unsafe Field Conditions: The Bristol Parks and Recreation Department reserves the right to close fields due to inclement weather or unsafe conditions at any time. Fields are inspected by city staff and cancellation decisions are made by the Superintendent of Parks and Recreation or designee. The city is committed to optimizing the quality of fields, ensure safety, minimize injury, and reduce damage to fields that lead to costly repairs. If you are uncertain of the status of a field, please call the Parks & Recreation Office at 860-584-6160.

Determining to play on athletic fields is a crucial decision impacting the conditions and sustainability of a field. Fields are closed to avoid injury and damage to players and to the playing surface. Choosing to play on a wet field or the vigorous attempt to dry a wet field are major reasons fields are damaged.

An athletic field should be considered **closed** if any of the following conditions exist:

- o There is standing water present on any part of the field that cannot be removed without causing damage to the field.
- o There are muddy conditions present that will not dry by the start of the game.
- o While walking on the field water can be seen or heard with a footstep.
- o While walking on the field of play, any impression of your footprint is left in the surface
- o If water gathers around the sole of a shoe or boot on any portion of the field.
- o Standing water occurs because the ground is saturated. Removing standing water does not eliminate the saturation. It is the saturation and not standing water that causes damage and unsafe conditions.

Safety Plans: A supervisor of an activity involving young people has the responsibility to assure that conditions exist to promote the highest degree of safety possible. For example: higher than anticipated attendance; small children unattended; first aid provisions; etc. Facility users must take appropriate precautions, such as providing onsite medical staff, first aid kits, and/or the ability to contact emergency services. These services are the responsibility of the organization renting the facility.

Progressive Discipline for Violation of Rules & Regulations: The City of Bristol Parks & Recreation Department and the Board of Park Commissioners have adopted the following rules and regulation for use on all city fields and recreational spaces. These rules must be observed by all members of an organization including coaches, parents, and participants. In the event that any members of the user groups are in violation of the rules, these groups are subject to suspension or expulsion from use of city fields. In the event of

suspension or expulsion from city fields, user groups will not be refunded any dues paid. The following progressive discipline will be used:

First Violation: Written warning from the Superintendent of Parks and Recreation to the organization head (as listed on this application form).

Second Violation: Final written warning from the Superintendent of Parks and Recreation.

Third Violation: Suspension or expulsion from use of city fields. Organization leader will be required to meet with the Board of Park Commissioners to discuss restoring field access for their group.

Note: Depending on the severity of the issue, discipline may begin at any level including suspension or expulsion from the fields at the discretion of the Superintendent of Parks and Recreation and the Board of Park Commissioners.

Re: Kern Park Field Walk/Observations on November 14, 2018

On November 14, 2018, I conducted a field walk of Kern Park with Bristol town park officials Brian Wilson, Robert Lincoln (Bristol Public Works), Bob Fiorito (Bristol Parks Commissioner); Kern Park Association members: Paul Campbell, Mary Rydingsward, and Richard Johnson.

Observations:

Kern Park is comprised of 22 acre open space property in an urbanizing city. It is predominantly a mixed deciduous forest with a notable patch of evergreen habitat comprised of white pines and an inland wetland complex. I observed the following wildlife on the walk: red-tailed hawk, gray squirrel, black-capped chickadee, tufted titmouse, northern cardinal, and bluejay. Local resident Paul Campbell indicated that he has, in the past, observed bobcat, coyote, grey fox , deer, screech owl, snapping turtle, green frog and spring peeper at Kern Park and adjoining house lots. The forest has typical eastern deciduous forest composition with noted tree species such as shagbark hickory (*Carya ovata*) and white oak (*Quercus alba*) with an understory of witchhazel (*Hamamelis virginiana*). Old field species can also be found such as Red cedar (*Juniperus virginiana*). Invasive non-native vegetation observed on the property includes Norway Maple (*Acer platanoides*), Tree of Heaven (*Ailanthus altissima*), Autumn Olive (*Elaeagnus umbellata*), Burningbush (*Euonymus alata*), Japanese barberry

(*Berberis thunbergii*) and Japanese Knotweed (*Fallopia japonica*) are displacing native vegetation on the property.

The wetland complex has typical inland wetland species mix including Red Maple (*Acer rubrum*), and Silky dogwood (*Acer amomum*). This wetland appears to be an important flood storage/flood attenuation attributes. It also, most likely, has importance for local populations of reptiles and amphibians.

Relative importance of Kern Park to Bristol's future forest conditions

In examining the relative importance of this 22 acre open space property to the City of Bristol's land base, one should look at the loss of forest habitat between 1985 and 2015 (data from <http://clear.uconn.edu/projects/landscape/index.htm>). Table 1 depicts the loss of forest and agricultural fields and the addition of turf and grasses that Bristol experienced.

As the change in land use/cover increases over the next several decades, the land available to protect for open space will be diminished. Parcels such as Kern Park currently in reserve will increase in value as time goes on.

Habitat Management/Enhancement Opportunities

Meadow Creation:

- Remove tennis court surface and restore with topsoil
- Plant native wildflowers and grasses (Northeast Pollinator Seed Mix at Ernst Seed Company at https://www.ernstseed.com/my-project-planner/create-a-project/?wl_return_to=55433#. DEEP Wildlife Division can provide a trax planter no till seeder and tractor to plant native seeds once ground is ready (town would have to get the ground conditions ready).

Invasive Plant Management

- Control/manage invasives on the property
 - Invasive non-native Norway Maple (*Acer platanoides*) cut trees and paint Brush-B-Gone (Triclopyr) on cut stump to prevent sprouting. Sell the cordwood? Pull up small saplings by hand.

- **Invasive Autumn olive (*Eleaegnus umbellata*)** cut main stem and paint on Brush-B-Gone on cut stump

-**Invasive Tree of Heaven (*Ailanthus altissima*)** cut and paint Brush-B-Gone on cut stump.

-**Invasive Japanese Barberry (*Berberis thunbergii*)** Cut using loppers or brush cutter and paint Brush-B-Gone on cut stems.

-**Invasive Japanese Knotweed (*Fallopia japonica*)** cut stems using brush cutter or hand cut using loppers and treat stems with Brush-B-Gone late summer (August 1st to August 31st). May take 3 years to accomplish control.

(More information about invasive plant management is available upon request from DEEP Wildlife Division Habitat Management Program Biologist Peter Picone)

Put up nest boxes for a Nesting Birds

- Screech owl – place screech owl nesting box in tree or tall post (building plans are available upon request)
- Eastern Bluebird/House Wren/Chickadee – place nest box on post with predator guard . Go to https://www.ct.gov/deep////////cwp/view.asp?q=325966&deepNav_GID=1655 for building plans or contact Peter Picone at peter.picone@ct.gov .

Discussion

Kern Park provides Bristol a unique and important natural environment intertwined with suburban/urban development. It provides habitat for a variety of wildlife species and has the potential to be enhanced for greater biological diversity as outlined above. With urbanization and loss of habitat being a continuous factor in the coming years, Kern Park will become more and more valuable as a natural habitat where citizens of Bristol can enjoy.

Potential habitat management and enhancement activities were highlighted in this report that local conservation-minded individuals/groups could implement on the property if town officials would allow. I would suggest that a committee is formed to create ten-year management plan for the property with goals and objectives so that habitat enhancements can be implemented and monitored for progress.

I can provide further technical assistance through my office at DEEP Wildlife Division's Sessions Woods Wildlife Management Area. I can assist Kern Park committee volunteers in creating the 10 year management plan and also provide technical assistance in the phases of implementing habitat enhancements at Kern Park (For example: provide technical advice/assistance on various habitat improvement practices such as invasive plant management, planting and seeding of native plants, and nest box placement).
