Invitation to Bid 2C24-027
Bristol Landfill Erosion Repairs
Addendum 01
October 6, 2023

Please note the following clarifications:

The City anticipates that all construction will be completed no later than June 30, 2024. There are no liquidated damages applicable to this contract.

Section 002100 Instructions to Bidders, Article 7(a) indicates that bids are to be submitted via the QuestCDN online bidding service. Bids are not to be submitted via the QuestCDN online service, and shall be delivered to the City Purchasing Department as noted in Section 002100 Article 1.

The contractor shall remove sediment from existing swale around the northern limits of the landfill (i.e. "toe of slope").

Pay item 32 92 00 – 1.4.A.a Vegetative Support Material is to be paid per square yard; the minimum depth shall be six (6") inches. The City shall provide cover material, currently stored onsite.

The City has stored composted material at the top of the landfill; this material is intentionally stored at this location for use by the awarded contractor for work under this project. The contractor shall have use of the material for its work at no charge; in the event that additional composted material is required, the City will provide to the site.

Schedule 80 PVC pipe is mentioned throughout the project documents; any reference to Schedule 80 PVC pipe is replaced with Schedule 40 PVC pipe.

Site access adjacent to the entrance to Covanta may be accommodated via removal of chain link fencing, provided that the contractor restore such chain link fencing at the conclusion of the project.

Areas disturbed by the contractor outside designated contract work areas will be restored at the contractor's expense.

A copy of the prebid meeting attendance is attached for reference.

All other terms and conditions remain unchanged.
